

MAY GET CANCER IF YOU EAT MEAT OR DRINK ALCOHOL

But Tumors May Be Cured
by the Use of
Radium.

ATLANTIC CITY, N. J., June 24.—Over-eating, especially of meats, and the excessive use of alcohol and coffee cause many cancers and the only hope for their extinction lies in absolute subsistence on vegetables with the exclusion of coffee and alcohol, in conjunction with proper medicinal measures.

This, in substance, was the statement made by L. Duncan Bulkley of New York in an address before the American Medical Association. "It is a recognized fact," he said, "that cancerous tissues develop and are maintained by nutrition derived from food and drink, and that tumors certainly grow by the same means. I have treated many cases of cancer by a vegetarian diet, excluding coffee and alcohol, with remarkable results." Cancer virtually is unknown among barbaric races who live directly on products of the soil, he said.

At least 90 per cent. of fibroid tumors can be cured or relieved by the use of radium, according to Dr. Howard A. Kelly of Johns Hopkins University. "Operations are unnecessary," he said. "This new treatment with radium offers a wonderful new and undreamed of hope for many thousands of women suffering with tumors."

Dr. Alexander Duane of the Harvard Medical School, announced that radium would make steel radio-active and that the metal could then be used for a short time as a radioactively as radium itself.

A third heart employed in a new method of blood transfusion was described in a paper read by Dr. Edward L. Landon of New York before the section of the practice of medicine. "In this system of transfusion," he said, "there is practically no artificial heart, the donor and recipient, beating at the rate of five or six times a minute."

Benefits to the physically and mentally deficient child have been the ultimate consideration in administering to animals minute quantities of the mineral gland located in the floor of the skull, according to Dr. Carey Pratt McCord of Detroit, speaking before the section of pathology and physiology. This gland, the speaker said, influences the rate of growth and development. Experiments with chickens, dogs and guinea pigs fed with this material, Dr. McCord said, have resulted in attaining the growth, although no tendency to gigantism has been observed. With the exception of the office of the House of Delegates, the controlling body of the association, the meeting practically came to an end. Officers

other than Dr. William L. Rodman, who was chosen president, included Dr. Alexander Craig, Chicago, secretary, and Dr. William A. Pusey, Chicago, treasurer.

SULZER DEMOCRATS MEET

In Rochester to Organize Anti-Tammany State League.

ROCHESTER, N. Y., June 24.—Sulzer Democrats, representing sixteen counties of Western New York, met here today to organize an "anti-Tammany Democratic League of New York State," to take the rat a.s. in naming a provisional State committee and to discuss an entire State ticket for the Democratic primaries.

Sulzer's supporters plan to hold a similar meeting somewhere in the northern part of the State within the next few weeks, and to hold a final meeting, embracing the entire State, in Syracuse on Aug. 17, when the whole committee, including those to be chosen today and those to be selected at the later meeting, will be named. This provisional State committee, which must be made up of one representative of each election district, will be placed upon the Sulzer Democratic primary ticket, to be voted for in the coming primaries.

TWO WOMEN AVOID OPERATIONS

By Taking Lydia E. Pinkham's Vegetable Compound.

Chicago, Ill.—"I must thank you with all my heart for Lydia E. Pinkham's Vegetable Compound. I used to go to my doctor for pills and remedies and they did not help me. I had headaches and could not eat, and the doctor claimed I had female trouble and must have an operation. I read in the paper about Lydia E. Pinkham's Vegetable Compound and I have taken it and feel fine. A lady said one day: 'Oh, I feel so tired all the time and have headache.' I said, 'Take Lydia E. Pinkham's Vegetable Compound,' and she did and feels fine now."

—Mrs. M. H. KARSCHNICK, 1438 N. Paulina Street, Chicago, Illinois.

The Other Case.
Dayton, Ohio.—"Lydia E. Pinkham's Vegetable Compound relieved me of pains in my side that I had for years and which doctors' medicines failed to relieve. It has certainly saved me from an operation. I will be glad to assist you by a personal letter to any woman in the same condition." —Mrs. J. W. SHERER, 126 Cass St., Dayton, Ohio.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

—Mrs. M. H. KARSCHNICK, 1438 N. Paulina Street, Chicago, Illinois.
